

# 2019 Bond Program Update

## MS/HS Building Renovations & Additions

- Site work and underground infrastructure upgrades continued through the fall in preparation for the building additions and new bus garage.
- The new agricultural barn is now constructed with final utility connections under way.
- The new greenhouse framing has been erected with the enclosure and utility work ongoing for spring completion.
- The new bus garage is under construction to be complete in early '22
- The Art/Music/Weight Room addition is scheduled for completion in the summer of 2022.
- The team continues to plan for springtime groundbreaking of the Phase 2 Multi-Purpose Gymnasium addition and summer break renovations within the existing facility.
