- B. Classification seniority shall be defined as the total length of service within a classification (bus driver, special education bus aide, administrative assistants, and maintenance).
- C. Seniority is lost when an employee is terminated for cause, quits, or retires.
- D. Seniority shall not be lost when an employee is on an unpaid leave of absence or on layoff. However, during such periods seniority shall be frozen and shall not continue to accrue, except during a leave of absence for personal or family illness (1 year maximum).
- E. The Board shall maintain a seniority list with each employee ranked in order of seniority. Classification(s) seniority held by each employee shall be noted by the employee's name. The seniority list shall be updated by October 1st of each school year and employees shall receive an electronic copy. Errors which may be noted shall be communicated to the superintendent for correction. Thereafter the list is final and conclusive.

ARTICLE 9 – LAYOFFS

- A. In the event the Board determines that layoffs are necessary within a classification, the employee with the least classification seniority from within that classification shall be laid off, provided a more senior employee is qualified and has positive evaluation, attendance, and discipline history.
- B. No employee will be laid off without at least three (3) weeks written notice.
- C. Employees on layoff shall be recalled to vacancies (as defined in Article 10 - Vacancies) in classifications within which they hold classification seniority in order of greatest classification seniority, provided recalled employee is qualified and has positive evaluation, attendance and discipline history.

- D. In the event a vacancy occurs within a classification from which no employee is on layoff, employees on layoff from other classifications shall have the right of first refusal for that vacancy provided the employee is qualified. Any employee recalled to work in another classification who cannot demonstrate the ability to perform the work during a twenty (20) workday trial period shall be returned to the layoff list.
- E. Employees who are recalled to vacancies within their classification and either refuse the job or fail to become available within two weeks of receiving official notification of recall shall be considered to have voluntarily quit.
- F. Laid off employees shall have first right of refusal to perform any substitute work available within their classification.
- G. In the event an employee is laid off, all accrued sick leave and personal leave days will be frozen for a period of two (2) years from the effective date of the lay-off. If the employee is not recalled back to work within a two (2) year period, he/she will forfeit accrued leave days.

Accrued vacation days will be paid within the pay cycle which includes the effective layoff date.

For purposes of recall, bargaining unit employees shall have recall rights for a period equal to the seniority date at time of lay-off.

ARTICLE 10 – VACANCIES

- A. The Board of Education will set the qualifications for vacancies which occur. A vacancy is defined as a position at the district in which no current employee is occupying or the creation of a new position in the bargaining unit. A vacancy is not created by an employee on a leave of absence or where an employee is temporarily transferred to another bargaining unit position. Vacancies will be posted on the District website and in the staff lounges and bus garage for a period of five (5) work days. Prior to filling of a vacancy via laid off personnel or new hires, the Board will give preference, if equally qualified, to active employees who apply in order of greatest classification seniority. The president of the union will be notified of all vacancies.

ARTICLE 11 – BUS DRIVER ASSIGNMENTS

- A. Special Program (e.g. Special Education) routes shall be available for bid on the basis of greatest classification seniority annually. Bid on the Special Education route will occur annually once the route is known, but in no case shall the bid occur after August 15. All other regular routes shall be assigned according to location of the driver's residence in relation to the schools, if possible. All regular routes will be reviewed annually by the administration to see if routes can be adjusted to get the route closer to driver's house.
- B. Drivers will be expected to park assigned vehicles at their residence if they reside in the district. Any exception must be approved by the Superintendent. At such time that the district can accommodate parking buses on site, the district may choose to have drivers pick up and return their buses to the district before and after each route.
- C. Regular drivers are asked to volunteer to substitute on special education runs. The driver must accept the entire assignment.

- D. Field trips and activity trips are assigned to regular drivers. In the initial drivers' meeting of the school year and two weeks prior to each athletic season, drivers shall indicate their desire to accept these trips. Field trips are those generally assigned before or after school hours and transport more than fifteen (15) students. Drivers who indicate willingness to accept these trips shall be assigned in rotation by classification seniority order and will receive the extra trip pay for the extra trip or their regular route pay (including the over 25 mile pay for that route) whichever is greater. The rotation list will be posted each month in the bus garage. Substitute drivers are not assigned to field trips, activity trips, special trips, special education routes, or ISD Educational Center routes, unless no regular driver is available for that duty.

This article does not prevent Whiteford Schools or booster organizations from securing a commercial carrier or private vehicle to transport students on special occasions.

- E. Any driver so assigned to a field and/or activity trip may notify the employer in writing that he/she wishes to waive compensation for the assignment.
- F. Double runs will be assigned in rotation by classification seniority order whenever possible. The driver accepting the double run shall be paid his/her regular route pay and the pay the other driver would have received had he/she driven the route.

G. Reimbursed Expenses:

1. Meal allowance on extra trips (to a maximum of \$12 per meal)

Allowance for meals on an extra trip will be limited to those trips where the driver is "on the job" in excess of six (6) hours or under circumstances where the normal time for a meal, such as lunch (noon) or dinner (6:00 p.m.) / excluding athletic trips) occurs more than two (2) hours past such mealtime. If a trip calls for the bus to stop to allow passengers to eat, the driver would be reimbursed a food allowance even if it is under the six hour maximum. Drivers who choose to buy "in-between meal snacks" will do so at their expense.

2. Parking fees
 3. Fuel purchased on road
 4. Road service purchased
 5. Extra bus clean-up work with approval of superintendent
 6. Upon proof of receipt, drivers will be reimbursed for the cost of admission to any event or function (i.e., field trips, athletic trips, etc.)
- H. If a bus is converted for the purpose of a classroom extension, said vehicle will be considered a traveling classroom and does not come under the jurisdiction of the contract. This vehicle may not be used for transporting any other class.
- I. Departure time for the lead bus (or busses) from the school parking lot shall be no earlier than five (5) minutes following the dismissal bell signifying the end of the school day. (The five-minute bus dismissal time will be determined by the timepiece of the lead bus driver(s). The lead driver(s) timepiece will be coordinated with the master clock located in the school office.)
- J. The driver and the bus are to remain at the site of the event unless prior drop off and pick up instructions have been arranged. Driver may either attend the event or remain with the bus on the premises. For events that are drop off only, the minimum pay will be two (2) hours.

However, at all day events, (defined as those lasting six (6) hours or longer) and in which the group involved has no scheduled meal arrangements that the driver would be eligible to attend, the driver may then leave the premises for a period of time not to exceed one (1) hour to obtain a meal. The driver will be limited to leaving only once during the entire day unless the event exceeds twelve (12) hours, in which case two (2) meal periods each not to exceed one (1) hour in length will be allowed.

Before leaving the premises to obtain a meal, the driver is required to personally inform the school personnel in charge (teacher, coach, advisor, etc.) that they are leaving to obtain a meal and the restaurant they can be located at (when possible) should it be necessary to make immediate contact with the driver. The driver will supply a contact number with the school personnel in charge.

At outside events (such as football, track or events where there is no shelter) the bus must remain on the premises to provide possible shelter from potential adverse weather conditions. In such cases, the driver will need to make other transportation arrangements to a restaurant or for on site meal(s).

- K. Drivers employed by the Whiteford Agricultural School District, who are appropriately trained and certified, shall be given the first opportunity to train new drivers. If there are no drivers qualified and willing to train, the district may seek outside trainers.

ARTICLE 12 – REIMBURSEMENT

- A. Administrative Assistants and Maintenance employees are encouraged to take courses for skill advancement and to remain current with skills needed to perform their job efficiently. Reimbursement for courses taken for skill advancement will be paid to employees with advance approval of the superintendent. All courses must be applicable to the employee's primary job responsibilities and have a direct benefit to the district, which shall be determined by the Superintendent. Reimbursement will be a maximum of \$250.00 for each course taken and will be limited to two courses per year with the amount not to exceed the cost of the tuition and not to exceed \$500.00 total per year. Courses shall be scheduled outside of the regular workday and are not eligible for overtime.

The above reimbursement may be claimed by filing grade reports for courses taken at the superintendent's office and will be paid in the following pay period. The employee must receive a passing grade or demonstrated satisfactory completion of the course in order to receive reimbursement.

- B. The board will reimburse the employee for reasonable expenses incurred when attending meetings, conferences or workshops approved by the supervisor. When using their personal autos, mileage rate will be reimbursed at the prevailing IRS rate.
- C. Cell Phone Reimbursement

Any full-time maintenance employee, full-time administrative assistant, and bus driver covered under this agreement shall be paid twenty-five dollars (\$25) per month for the use of their personal cell phone for school business. Full-time maintenance employees will receive the allowance for 12 months, administrative assistants will receive allowance for 11 months, and bus drivers will receive allowance for 9 months.

ARTICLE 13 – EMPLOYEE AND UNION RIGHTS

Pursuant to Act 379 of the Public Acts of 1965, the Board hereby agrees that every employee shall have the right freely to organize, join, and support the Association for the purpose of engaging in collective bargaining or negotiation and other concerted activities for their mutual aid and protection or to refrain from such activities. The Board undertakes and agrees that it will not directly or indirectly discourage or deprive or coerce any employee in the enjoyment of any rights conferred by said Act 379 or other laws of Michigan or the Constitution of Michigan and the United States, that it will not discriminate against any employee with respect to hours, wages, or any terms or conditions of employment by reason of her/his membership in the Association, her/his participation in any activities of the Association, or collective professional negotiations with the board, or her/his institution of any grievance, complaint, or proceeding under this agreement or otherwise with respect to any terms or conditions of employment or nonparticipation of such activities.
- B. The Association has the right to have a representative present at the adjustment of a grievance submitted by an individual employee.

- E. School equipment and supplies may be used on the premises by the Association. Unless rental arrangements are made, the Association will not use school equipment or supplies for preparing, supporting, or engaging in collective bargaining activities. Employee area bulletin boards and mailboxes may be used by the Association for posting and distributing materials. The Association will be responsible for all materials so posted or distributed. Reasonable use of the inter-school mail, school computers, and school duplicating machines shall be made available to the Association and its members for notices and news of the Association business. The Association shall pay for the cost of all materials and supplies incident to such use.
- F. The Board acknowledges the Association's right of access to the public records of the district including those dealing with financial resources and budgeted expenditures and will provide the Association with copies of these materials in response to reasonable requests.
- G. Within thirty (30) days of ratification the Board will provide the Association and each member an electronic copy of this agreement. An electronic copy will be placed on the district website. The Board acknowledges the Association's rights to recite the provisions of this agreement to its members as well as the other rights of employees set forth in the statutes of the State of Michigan and of the United States.
- H. If the employee agrees, the Board will furnish the Association with copies of its official resolutions which are concerned with the discipline, demotion, or discharge of an employee.
- I. Certain rights and responsibilities of employees are prescribed by the laws and Constitution of the State of Michigan. The basic rights of all citizens are guaranteed by the Constitution and Bill of Rights of the United States. The Board will not deprive any employee of such rights.

- J. Employees exercising reasonable care with respect to the safety of pupils and property will not be held by the Board to be individually liable except for unlawful acts.

Discipline, when necessary, will be applied accordingly to a progressive scale of severity as follows: verbal warning, written warning, reprimand, temporary suspension without pay, discharge. The Board and the Association recognizes that certain acts are so offensive that immediate discharge may be warranted. In the event the safety or welfare of the students is judged to be in possible jeopardy, the district may immediately suspend the employee and remove the employee from the premises pending an investigation. If the employee is later found to be misjudged, he/she will be reinstated with any appropriate lost compensation.
- M. After initial employment, no materials will be placed in the employee's personnel file unless the employee has had the opportunity to review the material or receive copies. Employees who take exception to materials contained in their personnel file may submit written rebuttal statements as provided under Michigan Law within thirty (30) days of when the employee becomes aware of the material inserted into their file, which will be attached to the questioned material. Materials found to be in error will be corrected. If the employee is asked to sign material placed in the personnel file, such signature will indicate only the employee's awareness of the material and will not be interpreted to mean agreement with the content of the material.
- N. When a record of unsatisfactory work or behavior is to be filed, the employee may be furnished with:
 - 1. A written statement enumerating the weaknesses observed.
 - 2. Clear and concise suggestions for correction or improvement of these weaknesses.

- P. Proper equipment and supplies will be provided to carry out any work assignment. Employees shall not be expected to carry out work which endangers their health or safety.
- Q. Maintenance employees will submit a list of personally owned tools which may be used on the job. The supervisor will scratch from the list any tool which he/she will not approve being used on the job. In the event a maintenance employee finds a need to use a personal tool not on the approved list, he/she must seek approval from the supervisor prior to such use for the tool to be covered by the tool allowance.
 - 1. Any personally owned tools as covered under Article 13 Section Q, which are missing, damaged, or destroyed while being used for school business or properly stored and secured on school property, shall be replaced at the expense of the district. The district shall purchase and maintain insurance coverage for personal tools used and stored on site for district business.
